# Much Business For Criminal Court

Over Thirty Cases Including One Murder for the September Term in This City—Eight Continued Cases.

There promises to be much business for the criminal term of the superior court when it comes in here September 7, the first Tuesday. State's Attorney Hull was here a few days ago and stated that he expected it would be a busy session from the number and character of the cases.

There are eight cases which were continued from the May term. One of these is the case against William Kooki, James Quagant and George Tomlinson, charged with the murder of R. L. Vinney of Norwich for the part she took in the May Burns case in New London, for which Addie Burns is now doing a state prison sentence. There is a continued case against Everett Hewitt, the case against David Gordon, Abraham Fox and Morris Goldstein is also down for this term by continuance.

Thus far there are 23 new cases to come up before the court and of that number seven are for burglary, while there are two for theft, and two for theft from the person.

There is one murder case in the list, it being that of the state vs. Dorato Cabando, alias Dominick Diadato, who is charged with the murder of a countryman in a New London saloon. The charge at present is first degree murder, the accused being in the New Court building.

The perjury case against Michael Cohen is another case of much interest, which had a preliminary hearing in the city court, which was held in the wife of the accused, from whom he was trying to get a divorce, is a prominent factor in the case.

ANSWERS EVERY CALL

Norwich People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific.

Many Norwich people rely on it. Here is a Norwich proof.

Mrs. C. S. Bennett, living at 167 High Street, Norwich, Conn., says: "Some four or five years ago Mr. Bennett learned of Doan's Kidney Pills, and after using them he directed for a short time, was greatly benefited. Being a motorman, he is subject to a great deal of trouble. Doan's Kidney Pills have brought him positive relief from all these difficulties, and he has relied upon this remedy to check any return of the trouble. Doan's Kidney Pills can be procured at N. D. Sevin & Son's drug store, and I am pleased to recommend them."

## A LITTLE RED SPOT

Nevel Experiment by Which It May Be Made to Disappear.

A peculiar feature about psoriasis, the new skin discovery is that no one is asked to buy it without first sending to the Emergency Laboratories, No. 42 West Twenty-fifth street, New York City, for an experimental sample and applying same to an affected part of the skin, about the sufferer of a silver dollar. It will clear the spot so treated in twenty-four hours—a remarkable visual demonstration of its power. While psoriasis has been mentioned principally in connection with the cure of eczema, the most stubborn of skin diseases, it must be remembered that when used for itch, hives, pimples, blotches, acne, itching feet, scaly scalp chafing of infants and similar minor skin troubles its action is all the more pronounced, results being seen after an overnight application. As only a small quantity of psoriasis is necessary to cure such cases, a special fifty-cent package, usually sufficient, has been placed on sale at the Lee & Osgood's and Smith's drug store in Norwich, Larue's in Putnam, Woodward's in Danielson and Cheesbro's in Willimantic and other leading drug stores throughout the country.

Cured Hay Fever and Summer Cold.

A. S. Nussbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." The Lee & Osgood Co.

WINSTED'S FEARS.

Water Shorter Now Than Last Year.

The drought which is lowering the lakes and streams and causing apprehension lest Winsted suffer another water famine the early part of the coming winter has set most minds on the water question. Warden E. F. Hitchcock has been looking up the records relating to manufacture of rights in Mad river west of the lake stream, and discovered that they are such as to give the borough no rights, practically, in the stream or in Rugebrook reservoir, which the borough built to increase Winsted's water supply. The manufacturers who control the rights
